WEEKLY NEWSPAPER OF HALIBURTON COUNTY

25 cents

Minden, Ontario

The world famous
Rockcliffe Hotel
presents this week
Linda Marks
Next week **Jim Trigg**
"The Bull is Coming"

VOLUME III, No. 6

Wednesday, December 3, 1980

A member of the Minden OPP detachment reaches inside a severely damaged car to activate the four way flashers following an accident November 25 on Highway 35 south of Minden.

Jury recommendations could change licenced events

If the recommendations contained in the findings of a jury at an inquest held last week in Minden are adopted, conditions under which special occasions permits are issued by the Liquor Licence Board of Ontario could change drastically.

Most of the eight recommendations of the jury hearing the evidence regarding the death of Guy Sanford Mintz of Gooderham dealt with the issuing of permits and how events covered by the permits should be carried out.

Mintz died September 7 after being run over as he lay on Highway 503 in Gooderham. The victim had left a stag party being held at the township firehall. The event had been held under a special occasion permit issued through the Haliburton Liquor Control Board store. Evidence presented during the inquest showed that Mintz

had been drinking heavily that evening and had also been smoking hashish.

The victim had left the party between 3 and 3:30 a.m. and was struck by a car driven by Edward Bacon, 69, of Gooderham approximately 5:40 a.m. Mintz was 18 years of age.

The jury of three men and two women recommended that all applications for special occasion permits be prepared in duplicate and that a carbon copy be retained by the applicant. The application, once completed, is sent to Toronto for approval.

The jury also recommended that all changes to an application form be initiated by the applicant and the LCBO clerk accepting the application. Evidence presented during the inquest revealed that certain portions of the application had been stroked out after they were

completed and other areas filled in. These changes altered the nature of the application, allowing minors to attend the event. The permit had also been altered to indicate the sale of liquor would not take place although the individual who purchased the licence, Mrs. Yvonne MacDuff of Gooderham, asked the LCBO clerk how the organizers could be expected to raise money for the groom without selling the alcoholic beverages. She said the question was answered with a shrug of the shoulders. The manager of the

Haliburton LCBO, E.C. Cowan had taken the application from Mrs. MacDuff who was applying for the permit on behalf of her son, Mark.

The jury recommended that all applications for special occasion permits be made well in advance of the event so that the authorities in Toronto have time to process it. It was suggested that if the postal system was not deemed fast enough for moving the documentation, that a courier service be employed for this

Pergolas wins recount by 4

Ed Pergolas has been named to the third and final position on the Anson, Hindon and Minden Township Council. The position had to be decided by a recount after Pergolas and Larry Cummins both garnered 421 votes in the November 10 municipal election.

The recount was carried out in Lindsay November 26 by Judge Lloyd Woods.

In reviewing the ballots cast for each candidate the judge disqualified one vote cast for Cummins, reduced Cummins' count by three when a clerical error was discovered on one of the tally sheets and reduced the vote total of each candidate by one.

The changes left Pergolas with 420 votes and Cummins with 416. The judge then declared Pergolas the winner. If, after the recount, the two candidates had still been tied, the winner would have been chosen by a draw.

The Minden council is now almost complete. Last week successful candidate Dean Elliott resigned even before taking office. His post is officially vacant and the new council, which must meet by December 9 to be sworn in, will have to decide how the position will be filled. The council has the power to appoint any qualified member of the community to the position.

McKinlay honoured in Stanhope

David McKinlay has been named Stanhope's Citizen of the Year. The award was presented to Mr. McKinlay at the municipality's annual Christmas party held Saturday at the community hall.

McKinlay received the award for his dedicated effort and contribution to furthering recreation in the township. At the moment he is the chairman of the township's recreation committee and serves on the community centres board. He is a teacher at Archie Stouffer School in Minden.

The award was presented to McKinlay by Reeve Jim Harrison.

The Reeve also presented Mr. and Mrs. Dale MacDonald and Mr. and Mrs. Leroy Eager with certificates from

the county marking their twenty-fifth wedding anniversary.

Councillor Harry Davis was the Master of Ceremonies for the evening with many members of the municipal staff and committees on hand for the celebration. The evening was catered by the ladies of the Maple Lake UCW.

A dance followed the dinner.

A reminder

Stanhope senior citizens are reminded of the annual firemen's Christmas party scheduled for this Saturday. All Stanhope seniors are invited to attend and meet Santa Claus and enjoy a social afternoon. The activity takes place in the community hall starting at 2 p.m.

No lights better than poor lighting on 121: MTC

According to the Ministry of Transportation and Communications no illumination would be better than the lighting suggested by Minden Township council for Highway 121 east of Highway 35.

The comment was contained in a letter to the council from the district engineer for MTC, D.O.A. White. The letter was in response to a request from the council that the ministry review once more the township's proposal for lighting in the area.

The township had proposed that five 250 watt mercury vapour lamps be hung from 20 foot brackets attached to the existing hydro poles.

In response the MTC noted that the hydro poles were too far from the side of the

pavement, the height of the lamps would be too low and would create glare and "Unacceptable lighting distribution", the poles are not spaced uniformly along the highway, the illuminance level on the pavement would be too low and the installations would be aesthetically unattractive.

The MTC engineer also pointed out that steel (hollow) poles were required because they bend when struck by a vehicle. "Wooden poles located only 10 feet from the edge of the pavement present a far greater hazard to any out of control vehicle," the letter said.

It was also pointed out that realignment of the highway is due to take place in the next couple of years and it would be impossible at this time to

determine where the ditches would be located. Therefore locating new poles now would be an uncertain process.

The ministry also noted that the lighting, as suggested by the municipality, could give pedestrians and drivers, turning on and off the highway, a false sense of security. "That is, they must think on-coming traffic could see them when in fact, due to glare, etc., they could not. In other words, no illumination could be less hazardous than poor illumination," the letter stated.

The ministry offered the municipality the services of the electrical design department to review the design and possibly prepare a workable but less costly lighting plan for the highway. Reeve Sinclair Nesbitt told

the meeting that a rumour which had been circulating that the Ontario Government was willing to pay to have the lights installed along the highway was untrue. He said he had contacted John Eakins, Haliburton - Victoria MPP, who, upon checking with authorities at Queen's Park, said the report was false. Nesbitt noted that this information had been mentioned at the November 12 meeting but that it had not been reported by the press. He said it was unfair for the newspaper to report only half of the story and allow the residents of the area concerned to think the provincial government intended to proceed with the installation of the lighting as requested.

FROM THE CHAMBER

By Bob Stinson

The Winter Accommodation Guide, which is the first portion of the Chamber's new promotional campaign to be produced, has taken off with a great deal of enthusiasm. The guide, which was actually designed to be distributed with the new brochure when printed for the moment is being circulated by itself to travel agents, auto clubs and information centres. The initial printing has been exhausted already and we have requests now for over 3,500 more guides from enthusiastic recipients.

In view of this development we went back to the members listed in the guide to ask if they would pay to have an additional 5,000 guides printed to fill the demand. Many had already had bookings resulting from the first printing and didn't hesitate to take advantage of even more exposure. The second printing will be available by next week.

The success of this first publication makes us even more enthusiastic about the anticipated success of the new approach the Chamber is taking to promoting business for their members this year. The members of the Building Trades section agree and held a meeting last week at which they decided they would like to support their own section in the Chamber directory rather than produce another of their annual Building Trades Directories. With 25,000 of these directories being distributed locally this

decision makes a lot of sense. If you're not part of this sure fire promotional package yet may we suggest you don't delay. We are working to a December 12th deadline.

Bantam tournament this weekend

The Lake Kashagawigamog Tourist Association got together with Haliburton Minor Hockey some seven years ago and discussed the idea of running a three day atom hockey tournament to encourage winter business. It was successful and after several years they expanded their efforts to include the Alcide Carpentier Memorial Pee Wee Tournament, which is also very successful.

This year they have expanded once again and the two groups for the first time are operating the Hodgson Memorial Bantam Tournament for three days. The tournament will consist of 16 teams from as far away as Detroit, who will bring along with them about 300 parents and spectators on an otherwise quiet December weekend.

The organizations should be congratulated and encouraged for their consistent initiative and we do hope you will all provide a warm friendly welcome to all the visitors you will encounter this weekend. The action starts at 3:30 Friday at the Haliburton Arena and runs through to Sunday afternoon. Drop in and see some great international hockey.

Health Council maps attack on alcoholism

A committee of the District Health Council has launched an ambitious campaign against alcoholism in the area it serves. Details of the plan were announced at a meeting of the Haliburton County Social Planning Council held November 27 at the Lakeview Centre in Haliburton Village.

The main thrust of the program will involve local health agencies in a co-ordinated effort to identify and treat those individuals suffering from an alcohol related problem.

According to the health council study, the rate of alcoholism in the Haliburton County, Kawartha and Pine Ridge district is slightly below the provincial average at 37.4 alcoholics per 1000 population. The average in Ontario is 38.9 per thousand.

The meeting was told by Bill Becks, a director of the Addiction Research Foundation in Peterborough, the study has estimated there are 315 alcoholics in this county. However, he pointed out that the problem is a "hidden one". "No central agency keeps records on the problem," Becks told the group. "Often the problem is not one that is readily noticed outside of the home and alcoholism is hardly the sort of the problem that people will readily admit to. You end up with a situation where relatives, friends and even employers are ignoring the problem, refuse to confront the individual or even cover up." Becks told the audience

that only 11 to 25% of those suffering from alcoholism will seek advice from trained counsellors. He said most alcoholics obtain informal treatment or advice from friends that often falls short of what a professionally planned program could accomplish.

He said the readily accessible group in the health council district is Alcoholics Anonymous (AA). He said there are 40 chapters of the organization in the district. He pointed out that AA provides a more comprehensive program of support for former alcoholics through its 24 hour a day counselling service. Becks noted that other social agencies, medical personnel and police are unwilling or too involved with other duties to deal with an alcoholic's problems whenever they arise.

He also told the audience that this area is poorly served with respect to residential treatment for alcoholics. He noted the detoxification centre in Peterborough closed last year due to a lack of funding and that alcoholics wishing to receive formal treatment on a long-term basis now travel to Pinewood in Oshawa or to Toronto.

One of the most controversial recommendations contained in the report of the committee called on local hospitals to provide reasonable access for alcoholics for "drying-out" and support, where no less expensive services are available. "We are not asking hospitals to reserve beds

specifically for alcoholics," Becks told the audience, "but rather to have an attitude of acceptance when an alcoholic turns to a local hospital with his or her problem."

He agreed with a comment from one of the members of the Social Planning Council that individuals undergoing alcoholism withdrawal can create a serious disruption in a hospital as small as the facilities in this county. But, he pointed out that the hospital can be an important link in connecting the alcoholic with an agency which can help with the support following withdrawal. "Alcoholics who go through withdrawal at home won't make that important initial connection and often slip back into drinking," Becks said.

Other recommendations contained in the committee's report include the creation of a co-ordinated plan among the various social agencies for identifying and dealing with alcoholism in the area. This could involve the use of staff members from existing agencies who would be drafted on a one day per month basis, for example, to work in an assessment and referral centre. It was suggested this centre would be located in Peterborough, however, a second centre could also operate out of the Haliburton area as well because of the distance from Peterborough.

The health council also intends to obtain funding from the provincial government to provide incentives for out-patient services for alcoholics at various institutions. It was pointed out that out-patient care has proven to be less costly and just as

effective or more effective than residential care.

The final recommendation from the council was that a strong preventative education program be undertaken to bring the danger of alcohol abuse to the attention of students and to make the public aware of the extent and seriousness of the alcohol problem in the area. He said alcoholism is a community problem.

The council has set a tight schedule for implementing these recommendations, according to the council executive assistant Jackie Powell-Cousineau. She told the meeting the group hopes to have the plans in place in three months. Powell-Cousineau noted that the recommendations were unique in that they relied on help from existing agencies. "Except for the recommendation requesting financial incentives from the provincial government, the program should not cost anything to implement."

Factory program

The audience then viewed a film on an in-plant assessment and counselling service for individuals who are suffering from a drinking problem or other stress causing a decline in their productivity. Sid Longford, employee counsellor at the Canadian Electric plant in Peterborough addressed the group following the showing of the movie.

He said the in-plant program at CGE had boosted the recovery rate from 30% to close to 80%. He noted that those people who have been helped by the CGE program has become its strongest advocates and supporters.

Wire, pipe tenders accepted

Approval was granted Wednesday evening for two tenders for work on the new Minden Library-Cultural Centre.

Anson, Hindon and Minden Township council accepted tenders for electrical and plumbing work.

Alec Little won the electrical contract with a bid of \$5,965. He indicated in his bid that the work could be completed in 21 days. Other bids were offered by Minden Electric at \$6,990 and Modern Electric at \$7,500.

The contract for installing plumbing was awarded to Highlands Plumbing at a cost of \$2887. There was only one other bid for the plumbing work. It was submitted by W.M. Jackson Plumbing at \$4229.

At the same time the council approved the interim payment of \$40,000 to 1867 Confederation Log Homes.

Heavy snow causes mishaps

Snow last week brought with it a series of accidents including one collision between two snowmobiles.

A two car accident Tuesday (November 25) was blamed on slippery conditions due to heavy snowfall on Highway 35 south of Minden. William T. Murdock, 47, of Kingston was driving north on Highway 35 while Charles Robinson, 51, of Haliburton was travelling south. Robinson lost control of his vehicle in the slush and it collided with the Murdock station wagon.

Both drivers sustained minor injuries in the mishap with Robinson being taken to Minden Red Cross hospital for treatment.

Damage to the Murdock vehicle was estimated at \$3000 while damage to the Robinson car was estimated at \$3000.

Constable Al Barnes investigated the accident.

Strikes tree
Douglas Anderson, 17, of Minden was the driver of a 1979 model car that slid off the Bat Lake Road November 26, entered the east ditch and struck a tree. Damage to the vehicle was estimated at \$1000.

The accident was investigated by Constable Weldon Popp.

\$2,000 damage
Police estimate the damage done to a car driven by Richard Court, 31, of Milton, at \$2000 following a single car accident November 28 on County Road 7. Court was travelling north on a curve when he lost control of the vehicle and it struck a tree stump in the west ditch.

Constable Boyd Jarvis was the investigating officer.

Barry Line mishap
An accident November 29

Between the pins

Men's Commercial League
High scorers for the November 26 play were: Ron Robinson Jr. (ME) 821 (273, 233, 215); Elroy Terry (ME) 775 (278, 301); Don Burch (NSLG) 771 (300, 283); Gord Darby (ING) 739 (251, 257, 231); Dave Bell (CL) 723 (244, 235, 244); Fred Cox (PL) 721 (209, 231, 281); Bob Heppleston 678 (206, 229, 243); Neil Jackson (ME) 670 (223, 263); Ted Pipe (PL) 670 (210, 242, 281); Wayne Sawyer (ING) 666 (223, 244); Reg Burk (ING) 657 (237, 217, 203); Harry Martin (NSLG) 654 (288).

Ron Robinson Jr. continues to lead the league with a 242 average. Modern Electric has taken a strong lead in the second series leading the other teams with 35 points.

YBC
High scores in the bantam division, for games rolled November 22, were: Lora Patton 188 double, 118 single; Doug Jackson 270 double, 152 single; Jeff Francis 266 double, 152 single.
High rollers in the junior section were: Nancy Conway 519 triple, 189 single; Peggy Conway 502 triple, 175 single; Darryl Bell 532 triple, 200 single; Eric Johnson 462 triple, 184 single.

on the Barry Line resulted in \$3000 to the two vehicles involved. Police say a car driven by Timothy Barry, 20, of Haliburton, was travelling east when it collided with a car driven by Donna Jennison, 22 of Weston. The mishap took place on a downgrade at a curve.

The accident was investigated by Constable Weldon Popp.

Snowmobiles collide
The first snowmobile collision of the season took place Saturday in the Haliburton Wildlife Reserve on Kennisis Lake. Peter Cockburn, 24, of Scarborough was travelling west on a

trail when his machine collided on the crest of a hill with a machine driven by Richard Samelko, 24, also of Scarborough. The Cockburn snowmobile sustained \$2000 damage while the Samelko machine sustained \$2200 damage.

The accident was investigated by Constable Mike Smith.

\$4000 damage
A car and trailer accident on the Kawagama Lake Road November 30 resulted in \$4000 damage. The vehicle and trailer was being driven by Robert Boucher, 26, of Oshawa when the trailer jackknifed and the car entered a west ditch and struck some

trees.
The mishap was investigated by Constable Brian Dunham.

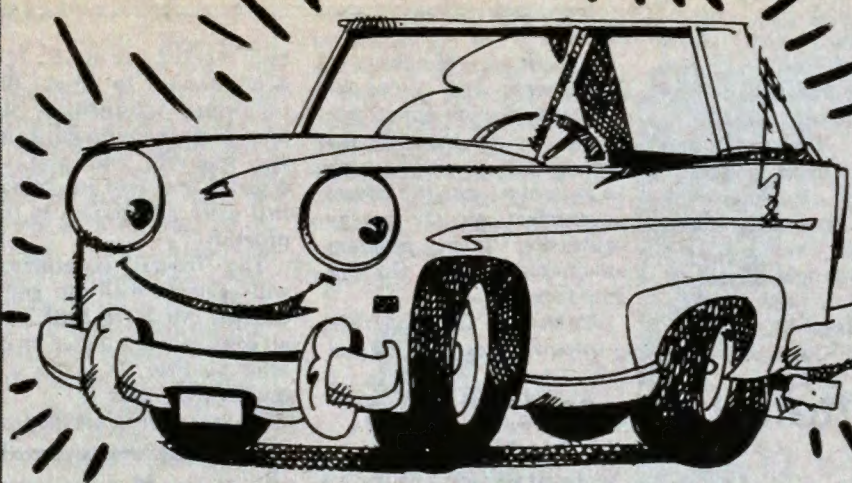

Strikes rock
A single car accident November 27 occurred on the Harburn Road. Susan Morrison, 22, of Haliburton was northbound, travelling downhill, when she lost control of the vehicle and it entered the west ditch striking a rock. Damage to the vehicle was estimated at \$2000.

Morrison has been charged with operating a motor vehicle without a driver's licence.
Constable Bill Clendenning investigated.

Off the road and in the ditch, this car was one of two involved in an accident November 25 on Highway 35 south of Minden. The mishap resulted in \$3000 damage to both vehicles. Slippery conditions caused by a heavy snowfall were blamed for the accident.

Editorial

A community problem

The Haliburton, Kawartha, Pine Ridge District Health Council has launched a vigorous campaign against the ravages of alcoholism. The plan was announced at a meeting of the Haliburton County Social Planning Council last Thursday. It deserves the support of all in the county.

Alcoholism and the impact of "problem drinking" touches virtually everyone in the community. It was pointed out at the meeting that there are few individuals who do not know someone, a relative, friend, neighbour or fellow employee, who is affected by the abuse of alcohol. The problems these people leave in their wake reach out to all corners of our community.

Perhaps the most unfortunate aspect of alcohol abuse is the tendency of friends to "cover up" for someone with a problem. While it may be an act motivated by genuine friendship, the result does little to solve the root problem and in fact only encourages the individual to seek false refuge in a haze of alcohol.

While the alcoholic must first admit to himself or herself that a problem exists before any meaningful rehabilitation can begin, reaching such a point, and the steps that follow, will require the support of all who know and care about the individual. What is needed is an attitude in the community that alcohol abuse is unacceptable as well as an attitude of support for those making the effort to escape the disease.

We endorse the efforts of the District Health Council and hope their program can find support in the community.

What do you think?

The Times welcomes letters to the editor from its readers. If you have a complaint or bouquet, why not share it with readers throughout the county, and beyond, by expressing your opinion in a letter.

This newspaper accepts letters on all topics of interest to our readers, but will only publish letters which are signed by the author. In some cases verification of the authenticity of the letter may be required so please indicate your phone number when writing. All letters appearing in the paper will do so over the signature of the author. Only in exceptional circumstances will the editor consider the publication of a letter without an identifying signature appearing with it.

The letters to the editor portion of this newspaper provides an ideal channel for the communication of ideas from all sectors of the community. Please feel free to use it.

A quiet winter scene near Buckslide.

REPORT FROM QUEEN'S PARK

By John Eakins, M.P.P.

In Victoria-Haliburton Counties I hear from time to time comments and complaints regarding the state of sport fishing. These enquiries deal mainly with the Kawartha's and Haliburton, but some extend to what is happening across Ontario.

I found out that the state of fishing is of general concern when I chaired our party's Task Force on tourism. Many people wanted to know what was happening to the government's restocking program.

Rather than just talk about it, the Bobcaygeon Chamber of Commerce sponsored an open meeting on November 18, which was attended by ministry biologists, fishermen, citizens and tourist operators. I want to express my appreciation for the help and openness of our Natural Resources people, in Phil Smith and Cheryl Lewis.

Some of the interesting facts and figures produced were that the ministry employs 16 people in Fish and Wild Life in the Lindsay District. Regarding fishing, there are 250-300 charges laid

each year. There is less marsh area than previously and we need greater protection of shoreline to assist spawning.

The Kawartha's, it seems, have greater fishing pressures than anywhere else in Ontario, and the day of continually catching the 3 lb. fish is over. In Sturgeon Lake, the average length caught in 1966 was 15.6 inches. In 1977 it was 14.2 inches. I found it interesting to learn that the

mortality rate of fish is very high, and especially in the first months, which could reach 99%.

Everyone had an opportunity to put some hard and pointed questions and as a result everyone left, I felt, better informed and more understanding of the problems. I felt the meeting ended with a unanimous desire to look favourably upon a shorter season.

For instance, the season might close on October 15, rather than later. Also, a one week later opening season might get past the spawning time, thereby creating more opportunity to increase the fish stock.

Perhaps many citizens and especially cottagers are themselves unwittingly causing a decline in the fish population. There are across our province many people without authority dredging marshes and filling in shorelines. In many cases these illegal activities are in prime spawning areas.

The Ministry of Natural Resources has a responsibility to ensure continued and

(more on page 7)

Report from Parliament

by William C. Scott, M.P.

Bill Scott, Member of Parliament for Victoria-Haliburton, said recently that Ontario is far ahead of the other provinces in finalizing an agreement with the federal government on the energy conversion grant program announced in the October 28th federal budget.

Although the federal/provincial agreement has not

been worked out as yet, Mr. Scott decided to release the following information to answer the many enquiries he has received, and also to dispel some misconceptions that exist with respect to the program.

The federal government will begin to mail out grant cheques April 1st, 1981, and all conversions initiated on or after October 28, 1980 will qualify for grants.

Under the program the gov-

ernment will pay half the cost of conversion to other forms of home heating systems, up to a maximum of \$800.00. The program will run for ten years, until 1990, and the grant ceiling will be increased each year to take into account the annual rise in the consumer price index.

Mr. Scott said that there is no real urgency to convert home heating systems in order

(more on page 7)

Letters Letters Letters

Editor:

I need some help on a matter of great importance to me.

You may not recall me but you had my name in print in the first article about the place so called Metropolitan Carnarvon last April 9, 1980. I was mentioned twice as the person to contact at that time for the Metropolitan Carnarvon Board of Trade and Wine Tasting Society.

Well, I must say, the contacts piled in so much I decided to summer in Florida to rest up. Upon my recent return, I read all the back copies of The Times. I must say you have an interesting and informative paper. As I read about the development I see one of your cute reporters interviewed one Ali Hogg who claims to be the mayor of Metro Carnarvon. There must be some mistake, as just a while ago it was my name in print.

I can't understand what happened while I was away. To make matters worse, I hear

her latest activities include a 4 minute interview with Torben Wittrop of CFRB (1010 on your dial) airing Sunday, December 7 between 9 and 10 a.m. Also Metro Carnarvon claims to be opening the Metropolitan Carnarvon Consulate in downtown Haliburton, Saturday, December 6. Rumour has it that Ken Taylor, Ambassador to somewhere, might be up to check it out. The Metro Marshall will be there to direct traffic.

I can't believe how they can do all this! Heavens, next thing they'll have national coverage of something and dear Ed., whatever would we do??

Lotta Gutz,
General Delivery,
Metropolitan Carnarvon,

Editor's note: The confusion as to whether Ali Hogg or Lotta Gutz is the mayor of Carnarvon has to do with their similarity of appearance. In particular, their farcical features are much the same.

SECOND CLASS MAIL REGISTRATION NO. 0936

outdoors

by Ron Reid of the Federation of Ontario Naturalists

Those of us who take a perverse Canadian pride in deep snowdrifts and cold winters have been known to comment disparagingly about the mild climate of Ontario's "banana belt" - a strip along the north shore of Lake Erie extending about as far north as Highway 401. But in fact this area does have a measurably different climate, that is strongly reflected in the kind of forests that occur there.

This belt is the northern limit of the Carolinian hardwood zone, which covers a broad range of the eastern U.S.A. These forests are dominated by oaks and hickories, in contrast to the maple and beech hardwoods that characterize much of southern Ontario. The untidy trunks of shagbark hickory mingle with white and black oaks in the poorly-drained woodlots of Essex and Kent Counties, while red oaks and a variety of less common trees are found on sandy upland sites.

The most distinctive of these Carolinian rarities is the sassafras tree, whose mitten-shaped leaves often sport a thumb or two fingers. The squarish leaves of the stately tulip-tree are hard to reach, for it is the largest hardwood in eastern North America, often reaching 60 feet or more before the first branch.

Spend a little time in this

Carolinean zone, and you can come up with dozens of species found nowhere else in Canada. Hackberry, whose shape and leaves resemble an elm, is diagnosed by its greyish bark covered with warty ridges. Red mulberry is also found scattered sparsely, providing a mecca for birds in late summer to enjoy its rich fruit. Cucumber tree, actually a member of the magnolia family, earns its unusual name from fruit clusters that resemble a cucumber when green.

No one location displays all

MTC agrees to subsidise study

The Ministry of Transportation and Communications has agreed to subsidise a study of soil conditions on the Shuyler's Island causeway on Horseshoe Lake. The subsidy agreement, in the amount of 65%, was contained in a letter to the Anson, Hindon and Minden Township council read at the November 27 meeting.

The MTC noted that while agreeing to subsidise the study there was no commitment on the part of the ministry to providing funding for the

A comprehensive plan for land use management in the Minden District of the Ministry of Natural Resources was made public Saturday at an open house. The information meeting was held at the Anson, Hindon and Minden Township offices.

The open house was held to inform special interest groups such as municipalities, the county, large land owners, logging concerns and others of the implications of the new plan. An open house for the general public is planned for early next year.

The plan dealt with all aspects of ministry work

including logging, fish and wild life, land management, mining, mineral aggregates and parks and recreation.

The proposals attempted to deal with the conflicts that often arise between competing land use and requested input from those in attendance for suggestions on how these conflicts might be resolved.

In each section the resource was identified with present use outlined briefly and the future use predicted. From this information various points were raised about the success of implementing future plans.

The ministry is actively seeking input from the public on their concerns regarding land use planning in the Minden District. The summary document handed out at the open house included a page for comments and concerns of those in attendance. In compiling the final report these comments will be taken into consideration, a ministry spokesman stated.

The summary is available to the general public from the MNR office in Minden. Those interested in reviewing the details of the summary and commenting on the future of land use in the area are invited to obtain a copy.

One of the interesting points made in the document is that the ministry only has direct control over 31% of the land in the Minden District. This is the Crown land sector. While the land use summary has been created to cover the entire district the ministry personnel admit they have little authority to enforce the plan on private lands. According to a spokesman, that is one reason for the attempt to involve the public

A member of the Minden Ministry of Natural Resources staff, Wayne Wilson, explains the details of a map to one of the many individuals attending an open house Saturday at the Minden municipal building. The open house was held to explain the details of a land use strategy prepared by ministry staff. A second open house is planned for early next year to give the public an opportunity to comment on the plan.

as much as possible in the planning process. The ministry hopes the plan, once the final document has been drafted, will be accepted by private land owners in the district.

The ministry personnel will

be revising the preliminary document in the next few months to reflect the concerns expressed by the public and a draft document is expected to be completed by the end of March with a final plan ready by summer of 1981.

Inquest

(from page one)

purpose.

During the inquest it was revealed that the licence did not reach Mark MacDuff until the Monday following the event. On the Saturday the stag took place he called the Haliburton LCBO store and was able to obtain the number of the permit.

The jury recommended that all applications for a special occasion permit include two places for the applicant's signature. The first would be for the actual application and the second would be an endorsement stating that the applicant understood the rules governing the permit being requested. "We do not believe all LCBO employees are too busy to make sure applicants are fully versed in simple rules and regulations on the reverse side of the application. All LCBO clerks accepting applications should be required to sign the application as well," the recommendation stated.

During the inquest there was some discussion as to whether the applicant had been given a booklet outlining the rules governing special occasion permits. This appeared not to be the case, nor was she verbally informed of the rules according to the testimony offered.

The jury recommended that all persons completing an application for a special occasion permit to be attendance during the time covered by the permit.

Evidence had shown that Mrs. MacDuff had completed the application on behalf of her son Mark who was attending school in Peterborough. Mrs. MacDuff did not attend the event.

The jury also recommended

that a member of the police department serving the area where a special occasion permit is issued make at least one appearance at the function.

The police department receives a copy of the application for a special occasion permit and is notified if a licence is issued. Evidence showed that the event in question was not visited by a member of the Minden OPP force, an inspector from the Liquor Licence Board or a representative of the owner of the Hall, Glamorgan Township.

The jury recommended that an educational service be offered to smaller communities explaining the dangers of alcohol and drug abuse.

Finally, the jury recommended that a poster the size of the permit be issued with each permit stating that no minors are to be served. This poster is to be displayed prominently at the event.

During the course of the hearing it was noted that a number of minors, including the deceased, has been served by individuals who were aware they were under age. The licence issued for the party had stated that minors would be allowed to attend, but in evidence given during the inquest it was pointed out that allowing minors to attend a licenced event did not confer the authority for those under 19 years of age to consume alcoholic beverages.

The inquest, under the direction of Dr. John P. McKay, Regional Coroner from Parry Sound, took two days to complete. Over 20 witnesses were heard with friends of the deceased, some of those in attendance at the stag and others involved in the incident giving evidence.

installation of new culverts in the causeway.

Councillor Lyle McKnight suggested that if the ministry was willing to provide the funding for the soil test, if the test proved positive a subsidy would also be available for the culvert work.

The soil test request was prompted by concerns expressed by a number of property owners on the lake. They approached council earlier this year claiming the water being contained by the causeway was stagnating because of a lack of circulation. The property owners claimed the culverts currently in place were not providing enough water movement to solve the problem. They requested the council install larger culverts and relocate them to help the water flow.

A study carried out by the municipality's consulting engineers concluded that little benefit would be gained by increasing the size of culverts or changing their location.

Since this was the last meeting of the present council, any decision as to whether funds will be spent on the study will have to await consideration of the new council.

Ski hot line

The Ontario Ski Resorts Association (OSRA), in co-operation with the Ministry of Industry and Tourism have established Friday, November 28, as the official start date for this seasons snow condition reports. This year the news media will be able to air snow reports one half hour earlier in time for the 7:30 news.

OSRA member resorts file ski area reports with the Ministry of Industry & Tourism each morning that include, along with a snow condition rating, information on base depth, new snow, lifts open and the weather. Reports are given for both cross-country and alpine skiing.

Skiers can get up-to-date information on the conditions at their favourite resorts, the numbers to call are 726-0932 or 728-5851.

Library drive passes \$50,000

The fund raising efforts of the Minden Library-Museum Committee have now passed \$55,000 with a recent \$1,000 gift from the Samuel and Saidye Bronfman Family Foundation in Montreal.

The Minden Library-Museum Committee is a group of area residents providing support and raising funds to finance the new library complex on the Bobcaygeon Road. The total project, which is being undertaken by the Municipality of Anson, Hindon and Minden, is estimated at \$120,000 of which the Committee is attempting to raise \$70,000.

Erection of the squared timber walls by 1867 Confederation Log Homes Ltd. and

the closing in of the building is now completed. The complex is expected to be in full operation by next summer.

Other contributors to the fund have included the Ontario Ministry of Culture and Recreation, Robert Case Realty Ltd., the Minden Kinettes, Shell Resources

Ltd., Terrelac Properties Ltd., Kawartha Dairy Ltd., Molson Companies Donation Fund, Imasco Ltd. (Imperial Tobacco), Read Bros. Ltd., Nicol and Johnston, the Minden Times, and the Haliburton County Echo. A total of nearly \$10,000 has been received from private individuals and a further \$4,000 by fund raising projects of the Committee.

I am your library

I am the Minden Library and I wish to tell you the story of my life.

T was in 1898 that the community decided they wished to have a place where they could get reading material, and the bank owed and operated then by T.H. Delamere, made two rooms available upstairs over the bank, and this is how I began my life in Minden.

By 1918 I had to be moved across the street and upstairs over the printing office operated by R. H. Baker and later W. McArthur. There I remained until 1942 when I was destroyed by fire, but the good people still wanted me around so collected enough books in town to start me up again in the office of County Clerk Mr. E. A. Rogers.

I kept growing until I was so big I had to get out of that office, so Mrs. Annie Cox donated a lot on Peck Street and the men from the Hydro donated their time to move a building given by S. W. Welch onto the lot.

When I became too big for that building the Library Board gave the old place to the Boy Scouts, and brought the C.I.B.C. building and moved it to the lot. This was in 1958 and there I remained until this day, growing each year and my seams are bursting at this time.

I have always been an important part of the Community and enjoyed the role I have played, but do you know I have never yet had the good fortune to be housed in a new building I can say is really mine until now.

With the support of all you good people and the help of the Committee, finally after 82 years of hand me downs, I am going to have something new.

Please help me achieve this in the shortest time possible and I will beam with pride at your achievement.

I would appreciate a few hours of free labour from those who by swinging a hammer and manipulating a saw could help with my interior. There are inside partitions to be built and doors to be hung, I shall also need these walls finished and painted if I am to glow with pride - as I anticipate.

If you come to my help I shall offer my thanks, plus a receipt for the hours worked, which you could use next April for Income Tax purposes.

Thank you in anticipation.

NOTICE IS HEREBY given pursuant to Section 1, Subsection 2, of The Expropriation Act of the following:

The Expropriations Act

NOTICE OF APPLICATION FOR APPROVAL TO EXPROPRIATE LAND

SCHEDULE

All right, title and interest in the lands described as follows:

1. In the Township of Dysart, Bruton, Clyde, Dudley, Eyre, Guilford, Harburn, Harcourt and Havelock, in the Provisional County of Haliburton, in the Province of Ontario, being:

(a) Parts of Lot 4, Concession 7, of the geographic Township of Dysart, designated as Parts 1 and 2;

(b) Parts of Lot 3, Concession 7, of the geographic Township of Dysart, designated as Parts 7, 8, 9 and 10;

on Ministry of Transportation and Communications Plan P-2217-66 deposited in the Land Registry Office for the Registry Division of Haliburton as Plan 19R-2166.

2. In the Township of Anson, Hindon and Minden, in the Provisional County of Haliburton, in the Province of Ontario, being:

1) (a) Parts of Lot 25, Concession 6, of the geographic Township of Minden, designated as Parts 2, 7 and 9;

(b) Parts of Lot 25, Concession 6, of the geographic Township of Minden, designated as Parts 10, 11, and 12, subject to the rights of Ontario Hydro as described in registered instrument Number 5010;

(c) Parts of Lot 25, Concession 5, of the geographic Township of Minden, designated as Parts 13 and 14, subject to the rights of Ontario Hydro as described in registered instrument Number 5010;

(d) Parts of Lot 24, Concession 5, of the geographic Township of Minden, designated as Parts 15, 17 and 18;

(e) Part of Lot 24, Concession 5, of the geographic Township of Minden, designated as Part 16, subject to the rights of Ontario Hydro as described in registered instrument Number 5013;

on Ministry of Transportation and Communications' Plan P-2742-33 deposited in the Land Registry Office for the Registry Division of Haliburton as Plan 19R-2177.

2) (a) Part of Lot 32, Concession 7, of the geographic Township of Minden, designated as Part 2;

(b) Part of Lot 26, Concession 7, of the geographic Township of Minden, designated as Part 14;

on Ministry of Transportation and Communications' Plan P-2742-34 deposited in the Land Registry Office for the Registry Division of Haliburton as Plan 19R-2178.

A print of Ministry of Transportation and Communications' Plans P-2217-66, P-2742-33 and P-2742-34 may be obtained upon request from the Manager of Record Services Office, Ministry of Transportation and Communications, 1201 Wilson Avenue, Downsview, Ontario. M3M 1J8.

This Notice First Published the 3rd day of December 1980.

Ministry of
Transportation and
Communications

Ontario

IN THE MATTER of an application by the Minister of Transportation and Communications for approval to expropriate lands being: In the Townships of Minden and Dysart, in the Provisional County of Haliburton, in the Province of Ontario, for the purpose of widening and reconstructing King's Highway 121, and works related thereto.

NOTICE IS HEREBY GIVEN that application has been made for approval to expropriate the land described in the schedule hereto.

Any owner of lands in respect of which notice is given who desires an inquiry into whether the taking of such land is fair, sound and reasonably necessary in the achievement of the objectives of the expropriating authority shall so notify the approving authority in writing.

(a) in the case of a registered owner, served personally or by registered mail within thirty days after he is served with the notice, or, when he is served by publication, within thirty days after the first publication of the notice;

(b) in the case of an owner who is not a registered owner, within thirty days after the first publication of the notice.

THE APPROVING AUTHORITY IS

Minister of
Transportation and Communications
G.F. Wetherall
Regional Director
P. O. Box 3030
North Bay, Ontario
P1B 8L2

NOTES:

1. The Expropriations Act provides that,

(a) where an inquiry is requested, it shall be conducted by an inquiry officer appointed by the Minister of Justice and Attorney General;

(b) the inquiry officer,

(i) shall give every party to the inquiry an opportunity to present evidence and argument and to examine and cross-examine witnesses, either personally or by his counsel or agent, and

(ii) may recommend to the approving authority that a party to the inquiry to be paid a fixed amount for his costs of the inquiry not to exceed \$200 and the approving authority may in its discretion order the expropriating authority to pay such costs forthwith.

2. "owner" and "registered owner" are defined in the Act as follows:

"owner" includes a mortgagee, tenant, execution creditor, a person entitled to a limited estate or interest in land, a committee of the estate of a mentally incompetent person or of a person incapable of managing his affairs, and a guardian, executor, administrator or trustee in whom land is vested;

"registered owner" means an owner of land whose interest in the land is defined and whose name is specified in an instrument in the proper Land Registry or Sheriff's office, and includes a person shown as a tenant of land on the last revised assessment roll;

3. The expropriating authority, each owner who notifies the approving authority that he desires a hearing in respect of the lands intended to be expropriated and any owner added as a party by the inquiry officer are parties to the inquiry.

Agreement fades on lake road

An agreement of all parties the closing of one road along the west side of Mountain Lake has apparently evaporated. According to a letter read at the November 27 meeting of Anson, Hindon and Minden council, the property owners on the west side of the lake are not in agreement.

The letter was sent by Fred Funston. "This is to advise you that those residents of the west side of Twelve Mile Lake located in the general area of property have never conceded that the closing was either necessary or advisable," the letter stated.

The letter was prompted by a report earlier last month that all parties involved in the matter had agreed to the closing of the old access road at a point where it meets the new road. This would have left the cottagers on the extreme south of the lake with the old access route through the Hart Lodge property while those individuals further along the west shore would have to use the new road which meets Highway 35 some distance south of the Hart Lodge property. At the time the consensus was discussed by the council, it was felt the lodge owners and the cottagers, including those on the south and west side of the lake, were in agreement with the proposed closing.

Concern over the road closing extends back over a year when cottagers challenged the legality of a council by-law to close the road at the lodge property and force all cottagers to use the new road. The council rescinded that by-law and this

past fall published the required announcements indicating the road closing was to be attempted again.

Funston in his letter described the council as a "lame duck" council and said that since there was opposition to the closing, the matter should be left to deal with by the new council. He stated that his group intended to intervene when the by-law was placed before the county for approval, if necessary.

Outgoing Reeve Sinclair Nesbitt stated at the meeting that the council might as well let the matter go to an Ontario Municipal Board hearing to get it settled once and for all.

A letter from the owners of Hart Lodge was then read to the meeting indicating they agreed with the closing as worked out at the November 12 council meeting.

The matter will be left for the new council to deal with.

Parliament Hill

(from page 4)

to take advantage of the grant program, but he said that it is important for anyone who converts after October 28, 1980, to retain copies of conversion contracts and receipts for payment.

Early information on the Ontario/federal government negotiations indicates that Ontario will approve conversion to natural gas, electricity, propane, wood stoves, and possibly heat pumps and solar energy.

With regard to wood burning stoves, the grant will be paid where it can be shown that converting to wood heat will reduce oil consumption by at least 50 per cent, but the government has imposed some requirements on this type of conversion.

Stoves used in wood-heat conversions must meet safety standards established for solid-fuel stoves by the Canadian Standards Association or Underwriters Laboratories of Canada. And, the stoves must be certified as being air-tight.

Mr. Scott has learned that the technical committees of C.S.A. and U.L.C. are working together to establish uniform, industry-wide safety standards for solid-fuel stoves, and a working paper on the new standards could be ready as early as December 4th. The new uniform standard will make it easier for people planning to convert to wood heat to qualify for the grant.

The energy conversion grant program will be administered in the various provinces by a provincial utility or by a Crown corporation. The administering agencies will publish information on the program, and they will also distribute application forms within the provinces.

Mr. Scott said that some companies, and individuals, are converting wood stoves to combination gas-wood and oil-wood heating systems, and he warned that anyone planning to install one of these combination systems should check carefully to ensure that the system has been approved by the C.S.A., U.L.C. or the Canadian Gas Association.

Warning issued for coffee maker

The Canadian Standards Association (CSA) and the Sunbeam Corporation (Canada) Ltd., are warning owners of some Sunbeam coffee makers to stop using them immediately because of a potential shock hazard.

During a routine quality audit, Sunbeam personnel found a manufacturing error which resulted in substandard electrical spacing. In some instances, the spacing may be so narrow that the metal warming plate may become electrically alive. To date, CSA has received no reports of injuries.

Approximately 2000 units of this new product have been distributed across Canada since September 1980.

The coffee makers can be identified by the following marking die-stamped faintly on the bottom of the product: Model CM-2

125V AC 60 Hz 1300 Watts
Sunbeam Corporation
(Toronto) Ltd.
LR 42804

(CSA Monogram)
Made in Hong Kong
(Date Code) "GE" & "SE"

If you have one of these coffee makers, STOP USING IT IMMEDIATELY and take or send the product to one of the Sunbeam Appliance Service Company locations. The closest locations to the Highlands are Kitchener, Hamilton and Toronto.

This problem exists only with model "CM-2" and date code "GE" and "SE". No other Sunbeam models or date codes are affected.

Units which have been repaired and corrected new products can be identified by the letter "S" marked on the bottom of the product and the outside of the carton.

PUCK TALK

The following report on the past week's activities was prepared by the Minden Minor Hockey Association.

Novice

The hometown Novice team dominated their guests Saturday afternoon, downing their counter-parts from Ops by a whopping 13-0 score. Kent Taylor led the attack for the home team netting five goals and assisting on two others. Other goals came off the sticks of Joey Boyle with three goals and two assists; Randy Bull with two goals and an assist; Mike Hughes with a pair; and Darren Sawyers with a single.

Lorne Greer was in the net for Minden and earns the shut-out.

Atom

The Beaverton Atoms edged the Minden team 3-2 in a game played Saturday afternoon. The Beaverton squad picked up their three goals in the first six minutes of play before the Minden team gelled. Fighting back Greg Stamp scored unassisted in the second period while Scott Russell picked up the second tally in the final frame, but the team was unable to overcome the visitor's lead.

Pee Wee

Travelling to Bobcaygeon Tuesday (November 25) the Minden Pee Wees defeated their hosts by a 2-1 margin.

Minden opened the scoring in the first period with Gord Wood connecting on a pass from John Wells. Bobcaygeon evened the score in the second period on a power play effort and Minden came back in the final frame, Gord Wood scored again, with assists going to John Wells and Kevin Cowan. Andrew Burk was between the pipes for Minden.

In the second game of the week, the Minden Pee Wees went down to a 6-0 loss at the hands of Beaverton. The game was played Saturday afternoon in Minden.

Bantam

The Minden Bantams came up with a single marker as they faced Fenelon Falls Thursday evening in Fenelon. The local team went down to a 6-1 defeat at the hands of their hosts.

The only Minden tally came early in the first period when Robbie MacLeod connected on a pass from John Dillon. Fenelon tied the score before the period ended and the teams played even hockey throughout the scoreless second frame. In the final period the Fenelon team finally wore down the Minden defenses scoring five times before the final buzzer sounded.

The situation was much the same Saturday afternoon when Fenelon played in Minden. The visitors claimed a 5-1 victory.

Robbie MacLeod again claimed the sole Minden tally, this time unassisted.

Midget

The Minden Midgets built up a five goal lead in their Thursday evening game in Bobcaygeon, only to see the margin eroded by a relentless Bobcaygeon onslaught.

Five Minden players shared the scoring in the first period and early minutes of the second frame: Eldon Bull scored from Greg Austin and Andy Pristol; Harold Cowen from Ivan Ingram and Terry Crowe; Craig Coneybear from Eldon Bull and Tim Wood; Kevin Hamilton from Ivan Ingram and Harold Cowen; and finally Terry Bull from Kevin Hamilton and Ivan Ingram on a second period power play.

Before the second period ended Bobcaygeon netted two goals and potted five more before the third period was over. Colin Newell was in the net for Minden.

Back in Minden Saturday evening, Bobcaygeon once again dominated the local team scoring four goals to shut-out their hosts. The local team did have its chances, but just wasn't able to outfox the Bobcaygeon netminder.

Juvenile

Led by Tony Scheffee the Minden Juveniles defeated their counterparts from Cannington Friday evening in Minden for a 7-3 win. Scheffee scored four goals for Minden, picking up assists from Rick Beeney, Les Booth, Shaun Silvers and Warren Mann. Other Minden markers went to Shaun Silvers from Tony Scheffee; Rick Beeney from Kevin Shapiera; and Kevin Shapiera from Rick Beeney.

Dwaine Lennie was in the net for Minden.

This week's action Friday, December 5: 8:00

p.m. - Bobcaygeon Juveniles in Minden.

Saturday, December 6: 2:00 p.m. - Beaverton Novice in Minden.

3:00 p.m. - Haliburton Atoms in Minden.

4:00 p.m. - Bobcaygeon Pee Wees in Minden.

7:00 p.m. - Fenelon Falls Midgets in Minden.

Sunday, December 7: 4:30 p.m. - a Tri-County Bantam game (visiting team unknown at press time).

5:30 p.m. - Beaverton Midgets at Minden.

Jeff Stamp of the Minden Bantam team slips the puck past the Fenelon Falls goalie during the first period of play Saturday afternoon. Unfortunately the puck slipped by the wide open net and robbed the Minden player of his break-away goal. Fenelon Falls went on to take the game by a 5-1 margin.

The progress at the new Curling Club is steady, and the Building Committee is still hopeful for January 5, 1981 curling. At the present the curling floor is finished, the interior walls are framed in, and the exterior is nearing completion.

Now that the weather is wintry, it seems everyone feels more like curling and the membership applications are starting to arrive very quickly. They are due this week and the membership committee would appreciate people who are interested to return them immediately. There is curling almost every day, with the schedule as follows:

Monday evening - Ladies.

Tuesday afternoon - Ladies.

Tuesday evening - Men.

Wednesday evening - Mixed.

Thursday afternoon - Senior mixed.

Thursday evening - Mixed.

Also, there is a group of senior men who are now travelling to Haliburton to curl, and will continue to do so on Monday afternoon. If you are interested in the Senior Men's, please contact Ed Pettinger 286-1638.

Curling is a great sport to help pass the long winter months. If you would like to try it, but want more information, call Penny Obee

286-1242.

The manager of the Red & White on the bypass has very generously offered the club 5% of his sales on Thursday, December 4 from 5 to 9 p.m. Let's support the new club by shopping during those hours!

Please remember - fill out and return application forms now - they were due yesterday.

STEOMANS
Main St., Minden, Ont.

Letters from Lee

Lee Potter is an area high school student who is spending a year in Mexico as a participant in an exchange sponsored by Rotary International. The Minden Rotary Club is her local sponsor. Lee has agreed to share her experiences with our readers through the letters she sends home to her family. The following are excerpts from letters received last month.

I am keeping busy, busy, busy here. I've met so many people and find it hard to believe that when I came I knew no one. Now I have an over-abundance of "amigos"...

Two days ago Laura (the exchange student from Boston) and I went with Hermando and another friend Amillio to a ranch about a half an hour out of the city. It was like the Lion Safari although there weren't too many people driving through. There were buffalo and deer (which had been brought from Canada). We got out and petted the deer. There were also some llamas, which we talked to...

The weather is starting to get very bad here. It is raining almost every day and is also hazy and foggy. It has really cooled down and a sweater is a must...

Last Sunday I spent a day at Michele's house, it was her father's birthday and he wanted a 'Canadian' cake. We weren't too sure what to make so we made a chocolate one and decorated it with little paper Canadian flags. It turned out really well.

My family has asked me to cook them a Canadian meal but I can't decide what to make. I thought roast beef might be the answer but they said they wanted something different. So, I am lost as to what to make. Have you any suggestions or recipes?

Last Saturday night my mother had some friends of hers from the United States over for dinner. I really enjoyed speaking with them. They had just moved here and were going through the same problems I experienced with the language and all. They brought a musician with them as a birthday present to my sister. We all sat up very late listening to him play the guitar. I really enjoyed it, my sister was teaching me to dance a Mexican dance and learn the Mexican songs. I like Mexican music a great deal. It is strange here the way all the generations listen to basically the same music. There is very little Rock 'n Roll heard, the closest you get is disco...

I had a volleyball practice today at the school. When Michele and I got there not many of the other players had shown up so the coach took us to the national volleyball competitions which are being held in Saltillo. The quality of play was excellent. The coach bought us tournament T-shirts...

Last week I went to the Kentucky Fried Chicken store here. Yes, they do have them, two to be exact, in Saltillo. There is also a Wendy's but no MacDonalds...

My Spanish is coming

along OK. It is a strange feeling listening to someone speak, and understand everything they are saying and realizing that they are speaking in a different language.

Everything is going well at school. Right now we are writing exams so I have been trying to spend some time studying. Today I got one of my tests back and I got the same mark as my brother Gustavo. Was he ever mad... and my teasing didn't help either...

My birthday was great! When I arrived at school there were signs on the bulletin boards announcing my birthday, so everyone knew about it. The other exchange students gave me a card with a Mexican flag on the envelope and a Canadian and U.S. flag on either side. My family also gave me a card. Birthdays are different here. Presents are not usually given, just cake and a card.

On the following Saturday Michele asked me to go to dinner with her for my birthday, since we hadn't had an opportunity to do so earlier in the week. Well, we arrived at the restaurant, and as it turned out she had planned a surprise party for me. She had Dianne come from Monterrey and I didn't suspect a thing. Usually I have some idea of what is going on but this time I was completely fooled. We had a cake, (with Canadian flags on it, I might add), and they gave me a beautiful serapi as a present. After eating, we all went out to a party and did some dancing. It was really fantastic...

My family asked me to cook dinner for next Saturday, but it is hard to decide what to cook. There are many things which are unavailable here...brown sugar for example.

They were telling me the other day that I have a very strong stomach, because I am the first exchange student they have had who didn't get very sick after first arriving and eating the rich and spicy foods.

On Sunday we went with some friends to the annual Motocross race they have here. It was very hot and we all got well tanned and burnt. As well, our skin was covered with a thick layer of dust. It is very dry and the motorcycles stirred up the dusty track. While we were driving to the track we noticed the cloud of dust from several miles away. But, it was lots of fun and about everyone in the city was there. We had to go about three hours early to ensure we got a seat, which turned out to be something like a goat path on the side of the hill.

Adios for now.

Maybe it's time
you jumped
into something
more demanding
than a car pool.

The Ontario Society for Crippled Children recently presented a number of county residents with the Whipper Watson Award for their support on the annual Snowarama. Among those honoured were Mr. and Mrs. Giles Connelly of Imperial Oil in Haliburton, Dale Robinson of the Haliburton Rotary Club this year's chairman of Snowarama, Paul and Patti Prentice of Prentice Roads, Ed and Joan Pritchard of Ed's Taxi Service Minden, local Rotary Club president Stu Brandon, last year's Snowarama chairman and organizer since the annual fund raising began Lionel Walker, Peter and Beulah Stribling and Mr. and Mrs. John Francis of Francis Fuels. The presentation was made at a regular meeting of the Minden Rotary Club.

Montreal doctor featured on December 5 issue

Dr. Emmanuel-Persillier Lachapelle, co-founder of Notre-Dame Hospital in Montreal, will be honoured by a 17-cent postage stamp to be issued on December 5, 1980.

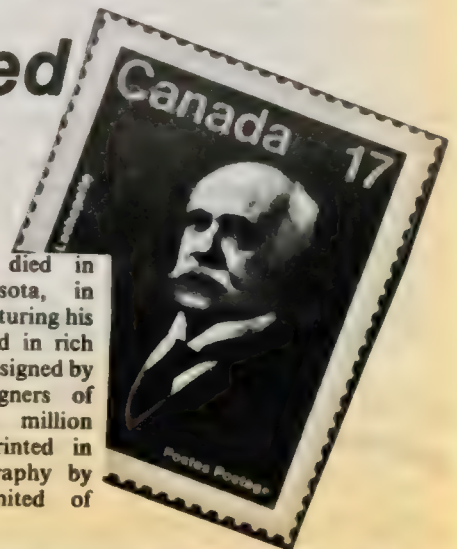

Dr. Lachapelle is being recognized for his contribution to medical education and to public health service in the province of Quebec.

Emmanuel-Persillier Lachapelle, who was born at Sault-aux-Recollets on December 23, 1845, became a prominent physician in Quebec. His achievements were not restricted to medicine alone. In addition, Dr. Lachapelle was a shrewd administrator and devoted community leader. In 1887, the Saint-Jean-Baptiste Society elected

him president.

Dr. Lachapelle was the driving force behind the founding of Notre-Dame Hospital in Montreal in 1880. For many years he was administrator of the hospital, which offered teaching facilities to medical students and served the residents of Montreal's rapidly growing east end. Today it is North America's largest francophone medical centre.

Dr. Lachapelle died in Rochester, Minnesota, in 1918. The stamp featuring his portrait was printed in rich duotone, and was designed by Jean Morin Designers of Montreal. Twenty million stamps will be printed in three-colour lithography by Ashton-Potter Limited of Toronto.

Computer on Bell lines in Haliburton

Telephone subscribers in the Haliburton area will not hear the operator anymore when they place their own long distance calls. New equipment, due to go into service today, will automatically record the number of the phone from which a long distance call is being made and transfer that information to a computer for billing purposes.

Previously, after a Haliburton subscriber had finished dialing a long distance call, the operator would come on the line briefly to ask the number of the originating phone. This information will now be taken automatically and without the intervention of an operator.

According to a Bell spokesman the new system should speed up the making of long distance calls.

The new service applies to single party and two party lines only. Long distance calls placed from three, four and other multi-party lines will still require the operator's inquiry before the call is completed.

This service has been available for a number of years in the Minden area.

CHRISTMAS GIFTS
FOR ONE - FOR ALL

Main St. Minden 286-1220

Christmas seems to be coming very quickly, now that December is here and the snow covering the ground. Many stores have attractive displays and their colourful lighting adds to it all.

The members of the L.O.B.A. had a very successful Card Party at the home of Edna and Morgan Trumbull on the 24th and winners were all for euchre, Maisie MacIntosh, Roy MacDonald, Edna Trumbull and David Coulter with Betty Harper winning the lone hand prize. After the games, all had a social time and delicious lunch and on the draw, Maud Coulter was the winner.

Sincere sympathy goes to the family and friends of the late Max Bloom of Kinmount and also to Edward Luke on the death of his brother William and to Mrs. Elva Deacon on the death of her sister Mrs. Reg Hooley.

All good wishes to these people who have been in hospital or who have now returned home, Mrs. Jim Wilson, John Hulbig and Lydia Coulter.

A HOME
A home needs more than just four walls
To stay the cold from creeping
It needs more than a fire, and food,
And places to be sleeping.
A home needs laughter, high and clear
And hope, and song and praying;
And welcome for the ones who roam,
And comfort for those staying.
A home needs tenderness and peace,
And gentleness, and pleasure -
And, oh, it needs the sort of love
That's given without measure!

Anon
Lee Austin of Geraldton is visiting with his parents the Art Austins and other relatives and friends.

At the weekly Mini Card Party last Thursday afternoon at St. Paul's Parish Hall, winners were for cribbage Joyce Hewitt and Luther Wilson; for euchre lone hands, Verna McDonald and others Pearl Cowen and Jeanne Sears.

The A.C.W. members of St. Paul's had a very successful luncheon last Friday and their bazaar and bake sale showed a good profit as well. There were several draws, the first a Gift Certificate from Campbell's Garden Centre for the Sunday School was won by Sgt. Bill Bailey and the Santa Hanging was won by Gladys Wruth.

Saturday guests with the grandmothers, Mrs. J. Beattie and Mrs. Ern Hewitt, were the Alec Beatties of Richmond Hill.

I often think how nice to be An extra special V.I.P.
But wealth and fame have passed me by -
I'm not quite certain how or why.
Should greatness come at last, maybe,
I'd much prefer being simply me.

Anon

Visiting the Beers family this weekend was Mrs. Pearl Dobbs and her daughter Samantha from Toronto.

Nearly the last draw for Wintario Toques, and here is the list for last Friday, at Mike's Anne Rockory, at Stedman's Jean McKelvey, at Mae's Cliff Dodd, at Drug Store Marie Reynolds and at Brown Owl Bill McMinn.

Coming events are the Thrift Shop will be open this Friday at St. Paul's Parish Hall upstairs from 2-4:30 and last time for this until

Hi! Well it looks like the snow shovelling has started for another year. The snow sure hides a multitude of sins, the ground doesn't look so messy and dead. And it's sure beginning to look a lot like Christmas. I'm as bad as the kids, I can hardly wait.

Our neighbours have their outside Christmas tree all lit up. It's so pretty.

Mr. Noetzel and his son were up to their cottage on the weekend to do some work around there.

Sorry to hear Mr. John Hulbig has been in Minden hospital for the past few days. I do hope he will be up and about again real soon.

Heather Bowron spent overnight with Collette Hudson at Mountain Lake.

We are also sorry to hear that Mr. Lynch, from County Donuts, is in Lindsay hospital. Hope that he will be up and about again soon.

AT DAY'S END
John Hall

Is anybody happier because you passed his way?
Does anyone remember that you spoke to him today?
The day is almost over, and its toiling time is through;
Is there anyone to utter now a kindly word of you?
Can you say tonight, in parting with the day that's slipping fast,
that you helped a single brother of the many that you passed?
Is a single heart rejoicing over what you did or said?
Does the man whose hopes were fading, now with courage look ahead?
Did you waste the day, or lose it? Was it well or sorely spent?
Did you leave of trail of kindness, or a scar of discontent?
As you close your eyes in slumber, do you think that God will say,
"You have earned one more tomorrow by the work you did today?"

February. Then Sunday will be a busy one - the Figure Skating Club are having a spaghetti supper at St. Paul's Parish Hall from 4 - 7. There will also be a Pot Luck Supper at Minden United Church on December 7, at about 6 followed by their White Gift Service. Also craft sales at Rails' End Gallery after December 5th.

We are very fortunate in our country to be able to send help to the people in Italy; wonder what we would do under those conditions. Take care. Cheerio until next time.

Lines from Lutterworth
by Jean Lacey

Glad to see Ron Gambell up and about after his stay in hospital.

Hint of the Week
To give a room a lovely scent, drop a little perfume or perfume oil on a light bulb. When the bulb is lit, the room will be filled with the fragrance. Be sure the perfume is dry before turning on the light.

There is no time like the present.

Kid's Korner
I hope all you kids are able to see all the specials that are on the television and the ones that will be coming before Christmas.

The Moon
(Celtic Child's Saying)

I see the moon,
And the moon sees me;
God bless the moon,
And God bless me.

If cheese comes after dinner, what comes after cheese?

A mouse.
Who always goes to bed with his shoes on?

A horse
Dairy Charm
(Seventeenth Century)

Come, butter, come, come,
butter, come.
Peter stands at the gate
Waiting for his buttered cake;
Come, butter, come.

What's black and yellow
and says zub, zub, zub?
A bee flying backwards

Where did Noah strike the first nail in the ark?

On the head

Why did the farmer plough his fields with a steamroller?
He wanted to raise mashed potatoes.

Bye for now. Take it easy.
God bless till next time.

Kinmount Klippings
by Pat Shorter

Well it's happened, winter is here to stay. Get your snow tires out, and on your car.

The local card games both had good turnouts. Winners were as follows:

Galway Hall: ladies' high - Ida Yonge; ladies' low - Pauline Franzen.

Kinmount: Ladies' high: Bertha Stata; most lone hands Bertha Stata. Men's high: Charley Molyneux; men's low: Dave McNamara.

Our hockey team is putting more effort into the game. Dennis Stata and Shawn Silver got 3 goals each. John Dettmen, Ed Williams and Paul Silver got 1 goal apiece but we still didn't win the game, Norland won 11 to 9. Better luck next time guys.

There is a new shop in town or rather outside of town. It's called Newman's Auto Body.

The owner and main worker is Bruce Newman who has been in the area all of his life. In his shop your car will receive a face lift, he has been known to cure cancer of the auto too. His prices are very reasonable and down to earth. He also has a good deal on tires for your auto. I'm sure you will get the best for your money at his shop. It's located 5 miles west of Kinmount on Highway 503.

I spent some time at the sale on Saturday at the Community Hall. I purchased some of the many lovely homemade crafts that were on sale. Tea

was served to the public by the ladies along with cakes and cookies.

Bye for now - see you next week.

IN MEMORIAM

HARRISON: In loving memory of my dear husband, Gordon David Harrison who passed on December 6, 1979.

Just a thought of sweet remembrance
Just a memory sad and true
Just the love and sweet devotion
Of one who thinks of you.

Inserted by his wife, Pearl.

HARRISON: In loving memory of our dear son and brother, Gordon David Harrison, died December 6, 1979.

A million times we needed you,
A million tears we cried,
If love could have saved you dear,
You never would have died,
The things we feel most deeply
Are the hardest things to say,
Our dearest son we loved you in a very special way,
If we could have one lifetime wish,
Or have one dream come true,
We pray to God with all our hearts,
For yesterday with you.

Sadly missed by Mom and brother Harold.
